

VINIGEL PLATINUM

Fining agent designed to enhance balance and structure

CHARACTERISTICS

Vinigel PLATINUM is a purified, low-hydrolyzed, collagen-derived gelatin. It is a powerful fining agent and effectively balances the wine's polyphenolic structure whilst preserving its other structural characteristics. The treated wine's ageing potential and aromatic properties remain unaltered.

APPLICATIONS

Fining of structured high-polyphenol-content red wines, and vintage red wines.

Ideal for use in premium wines, in which it is essential to conserve varietal expression during fining.

Suitable for use in must flotation.

ORGANOLEPTIC QUALITIES

Vinigel PLATINUM preserves the wine's aromatic expression and tannic structure.

Removes dissonant excessively woody notes.

COMPOSITION

Porcine protein. High molecular mass.

DOSAGE

Must/wine **5-10 g/hl**

Caution: It is recommended to perform laboratory tests before application to determine optimal dosage, as this may vary widely according to each wine's individual characteristics.

INSTRUCTIONS FOR USE

1. Dissolve the **Vinigel PLATINUM** in 20 times its weight of hot water (35 °C), then mix thoroughly.
2. Once dissolved, add the solution to the wine to be treated and mix thoroughly.

Precautions for use

Prepare the dissolution of **Vinigel PLATINUM** at the time of use. Do not use if 24 hours have elapsed after preparation.

PHYSICAL APPEARANCE

Yellowy-amber granules.

PACKAGING

20-kg packs.

PHYSICO-CHEMICAL AND MICROBIOLOGICAL PROPERTIES

| | |
|--------------------------------------|------------------|
| pH (1%) | 5-7 |
| Moisture (%) | < 15 |
| Ash (%) | < 2 |
| SO ₂ (ppm) | < 50 |
| Fe (mg/Kg) | < 50 |
| Pb (mg/Kg) | < 5 |
| Hg (mg/Kg) | < 0,15 |
| As (mg/Kg) | < 1 |
| Cd (mg/Kg) | < 0,5 |
| Total microorganisms (CFU/g) | <10 ⁴ |
| <i>E.coli</i> (CFU/g) | Absent |
| <i>Salmonella</i> (CFU/25 g) | Absent |
| <i>Staphylococcus aureus</i> [UFC/g] | Absent |
| Total coliforms | Absent |

STORAGE

Store in the original packaging in a cool, dry place. Once prepared, apply the solution rapidly.
